

**Mike,**

*Thank you for your great service that you provided my husband Bobby and I on our wedding day, October 8, 2005.*

*You were easy to work with, offered advice and suggestions as needed to make the day run so much smoother, affordable and extremely courteous. You have a GREAT personality and created a warming ambience for our family and friends to capture the moment and memories for our blessed day! We couldn't have imagined the day without you! You are still the center of family's conversations when we reminisce of our wedding day! We would definitely refer you to others looking for a wonderful and captivating Dj/Master of Ceremony for their event. Bobby and I appreciate you and thanks again!!!*
