

Hi Mike!
Finally, Here it is!

My husband and I had an opportunity to become acquainted with Mike Perry at a friend's wedding. It was a great evening - good music and lots of dancing. Shortly after that, our daughter was in the process of looking for a DJ for her own wedding. She obtained the names of numerous qualified DJs. Among them was Mike Perry. After meeting Mike, her mind was made up. She said, "He will be a perfect Master of Ceremonies." She liked Mike as a person and was very impressed with his professional manner and experience. Mike stated that his first priority was to get to know the wedding couple. After spending several hours in conversation (even came to our home) about them and their plans, he was able to help personalize their reception and assist with music preferences. His attention to detail was impressive. At our reception, the guests filled the dance floor all evening, having a fantastic time. There were many positive comments from family and friends about the music. In fact our college aged niece and my 80 yr. old aunt were two who remarked that the music and dancing were the best ever! Mike definitely satisfied all generations!

Mike Perry's personality, presence, and background experience gave us confidence that the evening's music and entertainment would be excellent. And it was!
