Dear Mike,

WOW!! I'm not sure that this is an appropriate way to start a letter, but it is my first response when I think of the job that you did for my parents' 50<sup>th</sup> Anniversary party on June 22.

I knew that I liked you from the first phone call that I made to you. You were professional, courteous and extremely patient with me as I kept adding songs to the very long list of music that I thought would be nice for this affair. You always had time to speak with me and always returned my phone calls promptly.

This was such a special party for all of us. And when I arrived and saw you there I knew that I had made the right choice for our DJ. You somehow made the whole evening magical for all of my family and the guests that we had there. How you "pulled off" pleasing the delicate 90 year olds as well as entertaining the pre-teens and very picky teenagers, all the while keeping the true lovers of dance on the dance floor the entire night is beyond me.

You made my parents feel as if they were the most important people in the world. I have to say that you made my husband and I also feel that way, as you didn't forget a single name, song request or announcement the entire evening.

You have style and grace and it shows that you truly love what you do. You do it so well. I have owned Joan's Florist for 27 years. We usually do 4-6 weddings a month and hands down, I would recommend you for every wedding in the future. I have not seen a DJ in all of these years that I enjoyed as much as I enjoyed you. Thank you from my entire family.

Kindest Regards,  
Debbie Torchia
